Objective

Detail-oriented web developer with over 1 year of experience as a front-end developer seeking a position as a software engineer (frontend) to leverage my expertise in HTML, CSS, JS, React and Angular to develop innovative projects. I am eager to contribute to your company's success by expanding my knowledge and mastering new technologies while growing professionally and personally within your organization.

Education

04/2021 **Udacity Frontend Nanodegree Program** [certificate](#)

06/2013 **Ain Shams University, Bachelor of Arts - Islamic Archaeology Department**

Courses

08/2022 **Full-stack development diploma, Route Academy**

learned web development with Angular framework and Php basics.

Projects

Frontend mentor's projects React):

Frontend mentor profile [link](#)

Front-end projects, Route Academy:

Trending Movies [link](#)

Top trending movies and Tv series and actors using The Movie Database Api and Angular

JS Quiz Game [link](#)

Built an online Js/jQuery multiple choices quiz game that tells the user the results correct or incorrect answer and total score in the end.

Start-Angular [link](#)

A simple portfolio website using angular routing and form validation using reactive forms.

Weather Web App [link](#)

Built a beautiful weather app that displays today's weather and forecasts for the next two days.

Angora Website [link](#)

Developed a responsive website (that is also mobile friendly) using bootstrap framework.

Skills

HTML	Bootstrap	Github	Angular
CSS	TypeScript	Git	Sass
JavaScript	React	Npm	Api

Experience

Front-End Developer at TIME MACHINE 12/2023 – 01/2024	Collaborated with senior developer to develop new features for the project using Angular framework, communicated with team members through slack and asana to manage assigned tasks, also worked with Figma, git and GitHub to send work and apply for work review through pull requests, did some simple backend tasks using nest.js.
Customer service - Data Entry specialist 03/2016 – 07/2021	I worked for more than two years as a customer care agent at Vodafone and Orange also worked at Hsoub (Mostaqi platform) in the same position and as a data entry specialist for more than a year.
